E Series
E1055W

10.1 Megapixels | 5X Optical Zoom | 3.0" LCD | Electronic Image Stabilization | Face Detection | Smile Detection | Blink Detection | 1600 ISO | Panorama | Red-Eye Removal

A 10-megapixel camera with a host of advanced features.

Shown in silver. Also available: Red Black

Compact and feature-rich, the GE E1055W comes with the features amateur photographers want most. Its spacious 3-inch LCD screen comes with the latest Auto Adjust Brightness technology that delights your photo experience. A comprehensive 10-megapixel resolution, 5X optical zoom, and a 28mm wide angle lens lets you move easily from tight close-ups to wide group shots. Within its stylish 19.5mm ultra-slim body design, this high-quality metal construction body contains a host of advanced features including:

28mm Wide Angle Lens
Easily capture large group shots with the extra wide lens.

Blink Detection
Blink Detection alerts you if a subject's eyes were closed so you can immediately retake the picture.

Smile Detection
The shutter automatically releases when the smile appears so you can capture smiles the moment they happen.

Face Detection
Face Detection automatically focuses and optimizes exposure for sharp, brilliant pictures.

Image Stabilization
Overcome camera shake to help you take clearer, sharper pictures.

In-Camera Panorama Stitching
Wide-view photos are produced by stitching three images into a single-panoramic picture.

Auto Adjust Brightness LCD
The LCD screen adjusts to the existing lighting conditions so you can frame your picture properly.

Red-Eye Removal
Remove red-eye immediately while viewing images on the LCD.
